The Frontier day trip is of immediate concern and details of the the Northwestern, Burlington and Milwau-kee roads is to be covered in the four days, October 25-28.

In the new industry line the most important thing is a proposition to come before the executive committee at its first meeting next month from a large piano manufacturing concern. A score of smaller projects of the kind are listed.

Another subject of great interest is the advances made by an eastern company representing European capital looking to the financing and construction of an electric interurban system out of Omaha.

The club will give further attention to the subject of new quarters and a weekly bulletin or similar publication is planned to let the greatly increased membership know what is going on, One committee of the club announces that it is investigating the commission form of

COVERNOR IS STILL HOPEFUL

Claims to Have Late Information in His Favor.

MAY DECIDE FOR RECOUNT

Claims He May Be Able to Throw Out Douglas and Otoc Counties-Stoecker May Want Be-

count.

(From a Staft Correspondent.) LINCOLN, Aug. 21.-(Special.)-Governor Shallenberger figured himself practically a winner late this afternoon, based on a message from Frontier county that his majority would be increased in that county at least 100. At the noon hour the governor figured that he was only thirty-six behind Dahlman.

These figures the executive is using to count himself in have been wired to him from friends in the various countries and late today he had received messages, he said, from every county in the state.

The governor does not intend to give up the fight until every legal means is exhausted to make him a winner. Should 10:30 and 10:46 p. m. and arrives in Ames at last week, was sensational, but attorneys the returns show that he has been defeated by a small vote he will ask for a recount in Douglas county and possibly in Otoe county. He believes that many votes cast in those two counties should have been thrown out instead of counted for Dahlman. He has been told so, he said, by friends in Douglas county that many ballots on which both Dahlman and Lynch, a republican were voted for were counted for each of them. In Otos county the governor's information is to the effect that many votes for Hayward and Dahlman were counted.

The governor figures that Dahlman got at least 15,090 or 20,000 republican votes and therefore it is his duty as the head of the democratic party to see to it that the rights of democracy are protected, so he will ask for a recount in those counties. In Lancaster many ballots were thrown

out because the voter marked Dahlman and some republican while in one precinct in Dodge county fifteen Dahlman ballots were said to have been thrown out for the same reason. Because of knowledge he has on these counties the governor believes that the practice of jumping across another party has been generally over the state. Secretary Furse and Arthur Mullen have

been with the governor all day and they have gone over the law books very industriously to see just where to begin, should it be decided definitely to appeal to the courts. The report that Stoecker in Douglas county intended asking for a recount interested the governor very which and if Stoecker starts the ball, the governor will get in and push it along.

The governor was very much put out today by receipt of news from one of his very dear and helpful ministerial friends, who said he voted for Dahlman because he believed it would hasten county option and prohibition.

Mr. Bryan spent a few hours at home today and left this afternoon to continue his chautauqua engagements. Not having information regarding the nomination of a democratic candidate for governor he would make no statement politically. Declination May Be Unnecessary.

It seems to be the general belief of those who have been looking over the returns of the election that if Victor Wilson will wait a little while before declining to be a candidate on the same ticket with Dahlthe high grade coffees of the American every half minute by electricity, using a coffee zone, reaching from Caracas to coffee zone, reaching from Caracas to very small weight, because heavy weights H. Nebranka News Notes. SEWARD—The case of Seward county against the Seward base ball league team for playing base ball on Sunday was yesterday dismissed by County Attorney Leavens at defendants' cost.

Leavens at defendants' cost.

SEWARD—When James Dahlman spoke in Seward Saturday before the primary election, no democrat could be induced to introduce him. Finally Henry "Sunshine" Schieh of Utica did the act. Surely Seward democrats can expect no favors in event of Dahlman's election. When Governor Shallenberger spoke here on Monday night pefore the primary election, he said in his talk in the courthouse square that "You could not buy a German with a glass of beer." This was misunderstood, purposely by many, and lost him many votes next day, as it was said he had said. "You can buy a German with a glass of beer."

A petition signed by about 300 citizens of Benson requesting the division of the city into two voting precincts has been filed with the county commissioners, with Miliary avenue and Main street as precinct boundaries. Clarence Cone and Miss Helen Syne of Omaha were married last Wednesday at the home of the bride's parents. Mr. Cone is a nephew of Mrs. Brown Grove of Benson and himself lived on McKinley street for a number of years, so is well known in this He is Away.
